Special Announcement:

David and Kathy Ham are the owners of Peyton's Bikes in Midland. They have been involved in bike riding, racing and touring since John Robert Prude invited them down to the Prude Ranch near Ft. Davis for a trial ride 35 years ago. The Cyclefest Tour has been an annual fall event since that time.

Through the years, racing has been on again / off again. There have been many variations from one day events in conjunction with Cyclefest, to State Championship races, to Triathlons, to the current 10 year run of the Hammerfest Stage Race.

David's overflowing enthusiasm and passion have been the key to many years of a great and successful cycling tradition for all who have participated.

Putting on these events takes a lot of time to prepare, send out mailings, organize supporting services, and on, and on. And while David has enjoyed the challenge over these past 35 years, he is actively searching for a new director to carry on the tradition.

David and Kathy have done a fantastic job year after year and have established a West Texas Cycling legend. The BBARC is here to support it, as it continues.
